# BOWLINE Nature Stay

Mudigere, Chikmagalur 📍

🕒 5 hours from Bangalore | 🕒 3 hours from Mangalore

At Bowline Nature Stay, we preserve the true meaning of a homestay. This is not a fancy resort with polished amenities or distractions, it is a quiet home in the hills, where you are welcomed as family, not treated as a guest.

Our home has three floors, four rooms, and one dorm. We live on the property and are present throughout your stay, guiding you along forest trails, introducing you to the local flora and fauna, sharing stories of the land, and helping you experience the culture as it truly is. The food served here is authentic Malnad cuisine, curated by us, just like it's done at home.

Whether you arrive alone or with a group, we'll be around making sure you don't miss the parts of the place that are worth experiencing, at your own pace.

We look forward to welcoming you home.
